Adobe Photoshop, Adobe Illustrator

Usability Testing

Work History

Developer, 9/19 to Current

Wilbur Wright College, Chicago, IL

- **Sole developer** of the Wright College Student Art Gallery website. Created unique responsive design assets, and logos. Also, conducted informal usability testing to guarantee ease of use. Worked closely with the art department to meet their design standards. Currently training students to maintain the site and add new content.

Independent Student Researcher, 01/15 – 03/15

Elmhurst College – Elmhurst, IL

- **Designed and executed** an experiment on the efficacy of UV-light killing at e-coli at various depths alongside a team of biologists. Conducted a formal presentation on the experiment's finding to an audience of faculty and undergraduates. Co-authored the scientific paper.
